

CDP and Borsa Italiana congratulate

Buzzi Unicem

for achieving a position in the

**CDP CLIMATE DISCLOSURE
LEADERSHIP INDEX ITALY**

with a score of

98 B

The CDP Climate Disclosure Score measures the comprehensiveness, quality and transparency of the 5000 company responses to CDP's annual climate change reporting request, on a scale of 0 to 100. In 2014, Buzzi Unicem achieved a CDP Climate Disclosure Score of 98. This accomplishment reflects a strong understanding of the impacts of climate-related risks and opportunities to your business together with above average transparency about emissions, management, strategies and climate change related activities.
